Jesus says... Pray

The last few lessons we have learned how Jesus wants us to pray, that we can pray for others and ourselves, that we can ask Him for anything and that how I pray or what I think matters when I pray. Our final lesson in prayer will focus on persistence or returning to God more than once to ask Him to help us.

Jesus says...

Pray Often (Luke 18:1-7)

Jesus spoke this parable to the people, that men should always pray and not lose heart.

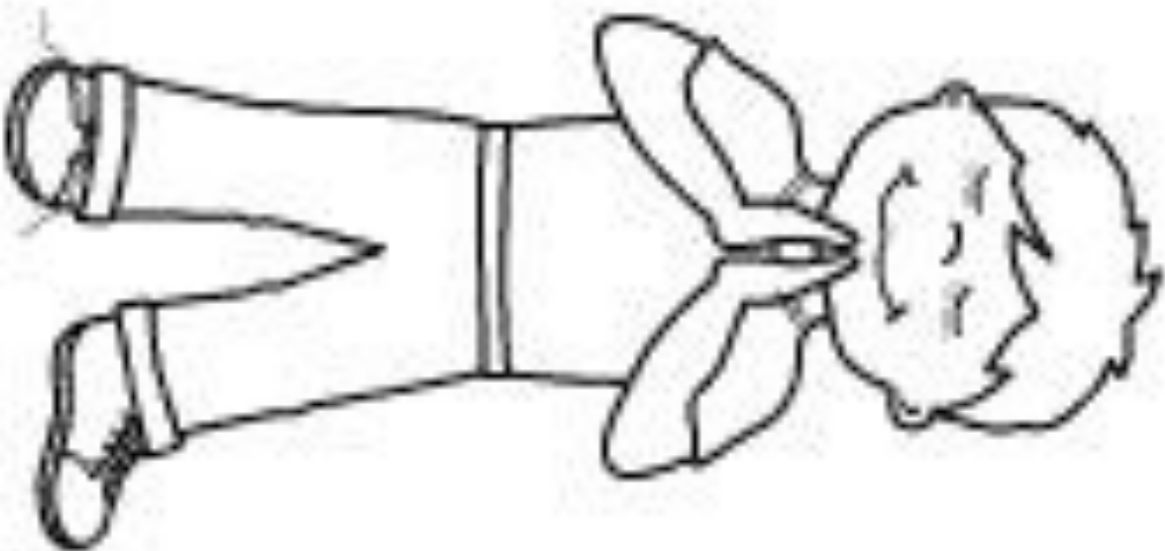

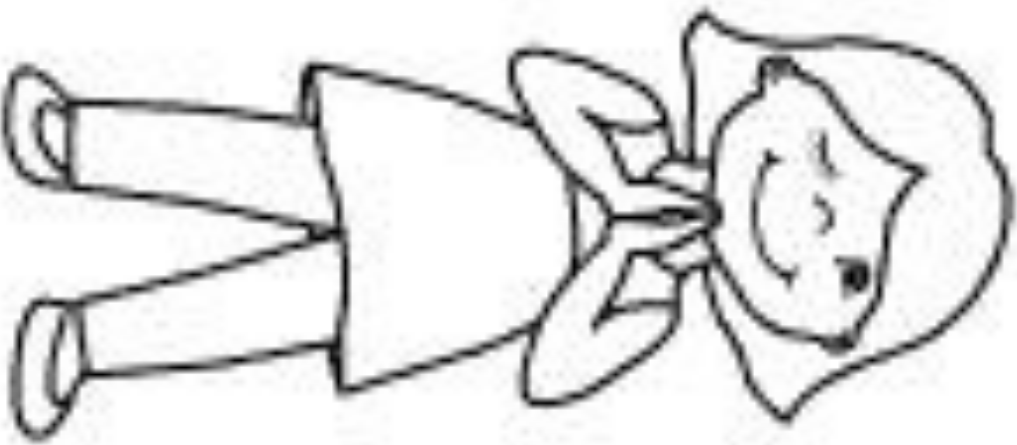

There was a judge in the city who did not fear God or care what others thought about him. One day a widow came to see him asking him to help her get justice from someone who had done her wrong. But he would not listen to her and sent her away. However, the woman returned day after day asking the judge for help. Eventually the judge gave in to her requests and helped her because she persistently returned to him. How much more do you think God, who loves us, is willing to help us when we return to Him persistently in prayer asking for his help?

If we, or others are sick or need help, our returning continually to God in prayer for their health and safety is what God wants us to do. He wants us to come to him often in prayer, talking to Him, asking Him to help us and those we care about. When we don't pray He misses us, just like you would miss your parents if you didn't get to talk to them for a long time.

"Pray continually;"
